A2.2

SPENDOR

MADE FOR MUSIC. DESIGNED FOR YOU.

The Spendor A2.2 is a true 'mini' floorstanding design. The slim modern cabinet fits easily and unobtrusively into any living space. It delivers music with striking clarity and a sensitively judged element of fun and charm. Music remains tuneful and articulate even when the A2.2 is positioned close to a wall or in a small room. The A2.2 is easy to drive and it brings out the best from your amplifier.

HIGHLIGHTS

- Building on the success of its predecessor, the highly compact A2.2 is a floorstander with an endearing character. This allrounder offers a perfect blend of natural tonal balance, detail, rhythm and dynamics.
- At 786mm tall and with a depth of 258mm, the A2.2 can be positioned in any small space including close to a wall, allowing for numerous set up choices.
- Significant enhancements have been made to the A2.2's internal architecture, particularly in its bracing. The restructured bracing strengthens the cabinet and minimises unwanted resonances that can colour the sound.
- Spendor's proprietary 15cm EP77 polymer bass/mid cone produces a natural sound that is free from colouration and allows excellent detail to be heard at all listening levels.
- Designed and Manufactured in the UK.

TECHNICAL SPECIFICATION

Description	2-way floorstanding loudspeaker
Enclosure type	Rigid asymmetric braced cabinet with dynamic damping
Vent type	Reflex loading
Input connection	Single pair recessed precision binding posts
Typical in-room response	46Hz - 26kHz
Power handling	100 watts unclipped programme
Amplifier	25-125 watts
Sensitivity	83dB for 1 watt at 1 metre
Nominal impedance	8 ohms (min 6.4)
HF driver	22mm polyamide dome
Bass/mid driver	15cm EP77 polymer cone
Crossover frequency	4.2 kHz
Net Weight	11.4kg
Height	786mm
Width	150mm
Depth	258mm
Finishes	Black oak, walnut, oak, satin white
Plinth	Satin black
Accessories	Height adjustable spike feet Magnetic grille
