D9.2

SPENDOR

MADE FOR MUSIC. DESIGNED FOR YOU.

A full three-way design, the D9.2 presents music with great power and scale. The level of transparency, superbly natural sound and extraordinary resolution draws you in to explore the soundscape and discover every nuance of the highly musical presentation. With perfect proportions and beautiful finish options the D9.2 will complement any level of audio system sonically and visually.

HIGHLIGHTS

- Dramatic improvements in low frequency articulation and mid-range dynamics are results of the near 'silent' cabinet construction that utilizes Spendor Dynamic Damping and the Formula One inspired 5th Generation linear-flow bass reflex port.
- The proprietary LPZ 22mm HF unit, dedicated 18cm Spendor EP77 polymer cone midrange drive unit and two Kevlar composite 18cm bass drive units, help the D9.2 deliver a room filling sound with pure vocals, fast clean bass, precision and excellent dynamic expression.
- Precisely calibrated and matched crossover networks using custom made, dual layer, gold plated circuit boards bring improved driver integration and a beautifully even balance across the whole sound spectrum.
- Designed and Manufactured in the UK.
